Assignment Summary

A document index entry for the above document should include the following information:

Letter. December 19, 1885. I.W. Powell, Indian Superintendent, to Superintendent General of Indian Affairs. LAC, RG 10, vol. 11027-1, file 9755-1. Powell writes that he hasn't yet prepared a list of reserves for which water rights have been allotted for irrigation and sent the list to the Department of Lands and Works as instructed by the Superintendent General in an earlier letter (Aug 29). Powell responded to the letter on Sept 15, stating his objections to carrying out the instructions and received no reply. He assumes that the Department agrees with him and will respect the water allotments made by the IRC for the time being.
